COUNCIL ON REVENUES

STATE OF HAWAII
P.O. BOX 259
HONOLULU, HAWAII 96809

August 3, 2026

The Honorable Josh Green, M.D.
Governor, State of Hawai'i
Executive Chambers
State Capitol, Fifth Floor
Honolulu, Hawai'i 96813

Dear Governor Green:

In its meeting on July 30, 2026, the Council on Revenues (the "Council") lowered the Hawai'i Total Personal Income (TPI) forecast for calendar year (CY) 2026 to 2.0%. The Council set its calendar year 2027 TPI forecast at 2.0% as well.

The Council noted that the preliminary CY 2025 TPI figures released in June 2026 by the U.S. Bureau of Economic Analysis (BEA) assumed settlement payments being made to households in the fourth quarter of 2025, related to the 2023 Maui wildfires. This led to a higher than anticipated preliminary TPI growth rate in 2025. The BEA is expected to issue its final 2025 TPI growth rate in September 2026. The Council recognized that the settlement fund has only been partially funded to date, and may be disbursed and spread over the next several years in its TPI estimated growth rates for 2026 and 2027.

The updated data for Hawaii's TPI for calendar years 2021 through 2025, along with the Council's current forecasts for 2026 and 2027, are shown below:

Calendar Year	Millions of Dollars	% Growth From Previous Year
2021	\$88,650	7.1%
2022	\$91,008	2.7%
2023	\$96,961	6.5%
2024	\$102,704	5.9%
2025	\$109,904	7.0%
2026 (Forecast)	\$112,102	2.0%
2027 (Forecast)	\$114,344	2.0%

The Honorable Josh Green, M.D.

August 3, 2026
